\*cost for every collection is per person ~ contact us for a custom quote for groups larger than 6\*

## The Experience

We all know that life goes too quickly. Before you know it, you have moved on into a completely different season of life. Our favorite part about lifestyle portrait photography is that we are able to actually freeze moments and have them to look back on always. There is a good chance that these will be the photos that your grandkids and even your great grandkids will see one day to get a glimpse into who you were and what your life was like. Our goal is to beautifully and genuinely capture this season that you are in.

Whether you are celebrating Milestones from graduating 8<sup>th</sup> grade to graduating college, we want to provide you with a relaxed and fun experience and capture images you will forever cherish.

Lifestyle portrait photography to us means giving some direction while still managing to take a documentary approach. We have found that giving direction for posing actually gives our clients the freedom to be comfortable and enjoy the process, which in turn produces some of the most genuine and joy filled images.

The best time of day to take your portraits highly depends on the location we choose and the sunlight. We have found that our favorite time of day to capture photos is just a few hours before sunset. We realize that depending on the time of year or the dynamics of your family, this time of day is not always most ideal. A second best option is having your photos taken in the morning. Whatever the time of day is, we have learned to find the best setting and best light your location has to offer to give you the most beautiful images.

You will receive your images approximately five weeks after your session. We will email a link to the website of images so you can view and share them with all of your family and friends, as well as instructions on how to download and save your images.

Together we will choose a location that captures the look and feel you have in mind for your photos. We have had the wonderful opportunity of shooting at parks and venues all over LA and Orange County, and have some great recommendations on where to go.

To book us for your senior session we require a signed contract and a \$100 non refundable deposit to be mailed in which secures and holds your date. The remaining balance is due at the start of your session. For payments we accept cash or checks.

We are often asked what to wear for photo sessions. For senior sessions this is where we want to see you express yourself! Choose something that is very YOU. You'll be happier with the turnout, and we will be able to authentically capture this season for you if you stay true to yourself and your style. You will get at least 2 outfit options, so have some fun with this; choose two contrasting looks! (eg, a casual and a more formal) Feel free to bring props that showcase your interests ~ such as a volleyball, guitar, books, jersey, etc.

We are grateful to be considered for your portrait photography. If you think we are the right fit for you let us know and we will schedule your session date and start planning!
